

voortraject

early supplier involvement

Design for eXcellence (DfX)

Design for Manufacturing (DfM)

dedicated analyses tools

Design for Testing (DfT)

dedicated analyses tools

Design for Logistics (DfL)

preferred component list

test engineering

realisatie teststrategie

procurement (full service)

componenten

pcb's

mechanische onderdelen

rolling forecasting

obsolete meldingen

productie

loodvrij

loodhoudend (bij dispensatie)

cleanroom (desgewenst)

smt-assemblage

smd-montage

conventionele assemblage

01005 tot BGA 56x56mm/pitch 0.3

solderen

golfsolderen

selectief solderen

manueel solderen

hot air & vapour phase

integratie / box building

cabinettenbouw
